## HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

## THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

## PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

## PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

## THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from [www.worldofwisdom.co.uk](http://www.worldofwisdom.co.uk)

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

## Life Path

### Ascendant In Sagittarius

**PROFESSIONAL - LIFE-PATH:** Influence & understanding  
You are philosophical, love freedom and open horizons, and these needs will be reflected in your choice of job. You would be happiest in an employment which offers dynamic possibilities, constant change and future promise. You would work well in pioneering ventures, especially if they offered connections abroad, or the opportunity to expand your inner or outer horizons. You are a person of extremely strong convictions and you are a passionate believer in justice. As your ideals are all-important, you have a need to see your work having an effect on society in some way. It is also essential for you to feel that what you do has meaning on a larger scale. Winning the hearts and minds of other people is important, so you may involve yourself in further education projects, consultancy, publishing and the media, or shaping public opinion in some way.

**PERSONAL - LIFE-PATH:** Influence & understanding  
You are powerfully motivated to understand your place in the world and the meaning of your existence. Your curiosity and need to explore your boundaries will lead you to travel considerably during the course of your life. If or when you prefer the settled life, then you will read, study and discuss to gain further insight into the world. You are philosophically orientated, seeking depth and answers. In partnership matters you may often feel that your opinions are trivialised; conversely other people feel you take yourself too seriously. When you are bombastic and opinionated, other people compensate by being flippant or, in your eyes, superficial. An acceptance of the relativity and diversity of truth, and a certain self-deprecating humour, can make you easier to get on with.

### Ascendant Opposition Venus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - LIFE PATH:** Aesthetic comportment  
You have the ability to create a pleasing impression, and generally you comport yourself diplomatically and with all the social graces. As the ability to win the affections and confidence of others is one of your greatest talents, you

would do well dealing with people in one form or another in your professional life. Aesthetic issues are also of great importance to you, and this may be reflected in your work.

**PERSONAL - LIFE PATH:** Aesthetic comportment  
You exude an aura of grace and good taste, and this can win you many friends and admirers. Your dress, and taste in personal adornment, creates a very harmonious and pleasing atmosphere. You are easily seduced by beauty, and often led astray by affairs of the heart. Stable relationships can be threatened by your need for romance. Love is the spice of life. You have a weakness for sensory stimulation and luxury.

### Jupiter In Virgo

**PROFESSIONAL - WISDOM:** Master the details  
The concept of service may be an important principle for you, and you are motivated to work hard and very conscientiously, without insisting on personal recognition. Professionally you have administrative talents, and a capacity for grasping a vast amount of detail, whilst still seeing the major issues. To achieve success you need to be specific about the details in your life, without losing the overall view of where you are going. By writing your goals down, specifying precisely what you want, and by replacing a tendency to worry with a policy of only cultivating positive thoughts, you can create fertile conditions for prosperity. A major talent is your ability to delegate and get working relationships to function smoothly, without demanding personal glory. To derive the optimum from your working life it is important to avoid being bureaucratic.

**PERSONAL - WISDOM:** Master the details  
At the time of your birth there was a collective theme concerning national health issues, international rescue and aid actions, refugees, and employment conditions. You too will be motivated by the desire and ability to be of help to other people, so in personal relationships you are often on hand to share the burden. You may be overhelpful however, and this can mean you simply get submerged in duties. There is also a strong perfectionism, which can mean that you get bogged down in specific tasks. You may have a particularly gifted insight into matters of health and healing, perhaps because of your own sensitivity in this area. Awareness and understanding of environmental influences on health and well-being will contribute to this insight, and you may have strong opinions about how to rectify faults in these areas.

### Jupiter In 9th House

**PROFESSIONAL - WISDOM:** Expansion of understanding  
As you have considerable intellectual depth and a fine overall perspective you are suited to a profession in which your powers of judgement and capacity to exert influence play an important role. Matters concerning the law, or the broadcasting of cultural values, or any situation in which you can get convictions across to the general public are all areas of employment in which you can thrive. Higher education can be important for you, and in your professional life you would appreciate the chance to constantly enhance your abilities through further training. You tend to be tolerant and cosmopolitan so you will demand a job which gives you wide intellectual and cultural horizons - even the opportunity to travel long distances abroad.

**PERSONAL - WISDOM:** Expansion of understanding  
You have been endowed with considerable natural wisdom and the capacity to understand the significance of your life. Your upbringing will have been influenced by strong parental convictions, and this has stimulated you to work things out for yourself and develop your own understanding of the world. Powerful religious, political or philosophical beliefs shape your life. You are extremely persuasive in your beliefs, but you should bear in mind that other people may find you rather dominating. It is important for you to listen to the world view of other people if you want to avoid becoming bigoted. You may be profoundly influenced by a mentor or guru-figure from a foreign land.

## Identity

### Sun In Cancer

**PROFESSIONAL - IDENTITY:** Sense of belonging.  
You are a loyal person easily moved by the bonds of attachment that link you to others - particularly family members. You work best in a secure environment with people you know, and your place of work can be a second family to you. You resent intruders, and it takes time for you to get used to new people in your professional circle. However you are talented at understanding others, and strongly motivated to help care for people. You are a vulnerable person and will seldom forget it if someone harms you, or someone else who you care about. You are particularly attached to your territory and defend it fiercely. Actually you work hard to create a cosy atmosphere at your place of work. You have a natural business talent for increasing your assets. You hang grimly on to professional gains, but often future growth is prevented by past clutter. Economic insecurity can make you physically ill, because

you are so attached to home and family and fear loss. But you are dynamic and industrious, so you tend to steadily advance in life.

**PERSONAL - IDENTITY:** Sense of belonging.  
The bond to your mother will have been particularly formative. You are sensitive and easily hurt - though this may not be immediately apparent on the outside. Likewise, you are loyal and passionate in your defence of those you love - injury done to them is also done to you. You have a strong and instinctive protective nature. The greatest dilemma in your life comes when the bonds of attachment are broken - for example in connection with changes in the family structure. At these times it is important to recognise the dangers of sentimental attachment to the past. Your reluctance to let things go can stand in the way of your personal development. You have a great talent for building up a nurturing environment for those who are close to you, yet it can also help to be more open to those who are not necessarily so close. You are easily upset by changes in your daily rhythm, and can be rather grumpy when called upon to change habitual behaviours. Your home is your castle.

### Sun In 8th House

**PROFESSIONAL - IDENTITY:** Soul-searching  
You can have a lot of influence in the corridors of power - you understand how important it is to go behind the scenes to find the hidden factors which lie at the root of any particular situation. This awareness can manifest itself in many ways professionally. You could be the type of person who wields material power and have a connection to government institutions, or banks, insurance companies and the like. But you can also be interested in the human soul, and work on a deeper psychological level with others. If you have a position of power, there will be anxiety about losing it, and you may be a hostage to fears of losing material well-being. You struggle with basic identity issues, and it is only when you reach inwards that you attain an inner security which no one can take from you.

**PERSONAL - IDENTITY:** Soul-searching  
You spend a great deal of your life trying to define who you are. Early anxieties connected with the father - who was in some way rather unapproachable, and who may have struggled with existential issues himself - have given rise to a compulsive need to manifest yourself. Your drive to feel secure in the inner reaches of your soul, and your frustration when the image you build up of yourself periodically falls into ruins, leads you on an inner journey in which you

achieve self-definition through deep psychological insight. There are many deaths and rebirths in this process, and other people will see your struggle as intense and rather exhausting, especially as it is in intimate relationships that you test yourself. Remember that relationships do not have to be a life or death experience. Sexuality, possessiveness and jealousy, or mutual psychotherapy for good or ill, are all important factors in relationships.

## Sun Conjunction Mars

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

### PROFESSIONAL - IDENTITY: Competition

You are an extremely dynamic person with an excellent sense of when to grasp opportunities. You thrive on competition and love a good fight. You are no diplomat, but in situations which require courage and decision, you are the right person. Women with this aspect may early in life experience many conflicts with dominating or aggressive men, but ultimately these problems are solved by learning to be more self-assertive in a confident manner. You are suited to a job which provides you with a challenge. You have a pioneering spirit and are willing to take on the necessary confrontations to get ahead. You get bored easily, and when you get bored, you can get into trouble. When you encounter an obstacle you tend to bang your head against it until it gives way. It would pay for you to plan more before you act, and strive to be less impulsive. If you find yourself getting into unnecessary conflicts, try to cultivate a spirit of compromise. Winning is a little too important for your ego.

### PERSONAL - IDENTITY: Competition

You are the kind of person who likes action, excitement and adventure. Being easily bored you tend to be rather provocative. Women with this aspect may have had a young or immature father, and in the more extreme cases there may even have been physical violence in childhood. Alternatively the woman with this aspect will have had a "buddy" relationship to the father and become involved with masculine pursuits. Later in life there will be a tendency to be attracted to a very masculine type of man. It may be important for the woman to really respect and look up to the man - but there is often an attraction to rather immature males, who never quite got out of adolescence. Subsequently the man may have great difficulty living up to masculine archetypes which basically exist within the

woman's character, and this will lead to conflicts or battles of power, until the woman accepts a more personally assertive role.

Men with this aspect are very concerned about their masculinity and take pride in their ability to compete in the world. Sexual performance and the ability to take on a classic male role in relation to a woman are essential elements in the character. This Tarzan syndrome has its drawbacks. Problems can arise because of lack of sensitivity to the emotional needs of the woman. The man's over-identification with the male role can be perceived as faintly comical by the woman who would probably set greater store by demonstrations of tenderness and affection. The woman tends to be the prize which the man wins and later guards and protects.

## Emotions

### Moon In Capricorn

#### PROFESSIONAL - EMOTIONS: Clarify your motivations

You have been brought up to be very goal-oriented, and you have a strong unconscious drive to prove yourself to the world. Major reorientation in your life comes when unpredictable developments in career matters lead to a deeper analysis of your true motivation in striving for success. By discovering your own needs and discarding the expectations of authority figures in your life, you can learn to relax. As you mature, your strong sense of responsibility becomes a factor which other people can benefit from. You take people seriously and you will be respected for this. You demand more from yourself than you do from others, and this means that you are likely to attain many of your ambitions through effort and conscientiousness alone.

#### PERSONAL - EMOTIONS: Clarify your motivations

You were born serious, and you have a tendency to seem more mature than your age suggests. You have been deeply affected by the experiences of childhood, and you probably felt a frustrated kind of responsibility to one of your parents - in all likelihood your mother. You are so eager to play a mature role in society that you forget how it is to be carefree and enjoy life. You feel deeply, but are reluctant to express these feelings in intimate relationships. Love relationships would benefit if you were more willing to show your vulnerability. However you strive hard to make relationships work, you have a strong sense of family responsibility, and you are very sincere in your feelings.

### Moon In 2nd House

**PROFESSIONAL - EMOTIONS:** Attachment to personal values

Security and stability are major issues for you. You have a strong appreciation of what has value, and what doesn't, and as such you can achieve professional success dealing with property, food and catering for the basic needs of others. You prefer a job with a guaranteed income - childhood experiences connected with parental economy have taught you to play it safe and hang on to what you have got. Early memories of economic insecurity, especially as reflected by your mother's attitude to the administration of family finances give you a profound hunger for economic stability, and this inner need to avoid threats to you own financial security can mean that you stay longer than necessary in an unsatisfactory work situation.

**PERSONAL - EMOTIONS:** Attachment to personal values

You are very attached to the things you own, as they represent important emotional connections for you. You really do tend to hold on to things from the past, and they can clutter up your home. Your children and family connections are major values for you, and it is a traumatic process when upheavals come in this area, and when bonds have to be cut. Some people may view you as materialistic and possessive, but you are a very giving person, just as long as you feel secure. Sometimes you eat just to feel secure. However you may be too fixated on security, and there will come periods in your life where you will lose the things that you are most attached to. Learning to adjust to economic fluctuations is part of a process of maturity for you.

### **Moon Opposition Mercury**

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - EMOTIONS:** Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards

property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

**PERSONAL - EMOTIONS:** Emotional awareness

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

### **Moon Opposition Mars**

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - EMOTIONS:** Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed

threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

**PERSONAL - EMOTIONS: Temperament**

You were brought up in an atmosphere of tension which has made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life. Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods.

Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises.

As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of movement and encouraging independence in those you are attached to.

### **Moon Trine Jupiter**

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - EMOTIONS: Horizons**

You would thrive in a profession which offered you the opportunity to travel and explore different cultures. You could easily work or settle in a foreign country. Being restless in spirit, you get rather bored in a job which does not have an element of exploration - culturally, intellectually or geographically. You are essentially a very curious person, and the pursuit of knowledge is food for your soul. You can also be very caring, and your generous disposition can give you a talent for working with the public, especially as

regards public opinion, marketing, or broadcasting values of some sort or another. Children would be especially benefited by your attention, and you have both the humour and educational drive to be a good teacher. You are not the kind of person to stay in any one job for a great length of time, unless it offers opportunities for growth and expansion.

**PERSONAL - EMOTIONS: Horizons**

Foreign environments may have played an important role in your upbringing, and generally speaking you will enjoy the cultural stimulation of travel and new horizons. You have very strong empathy, and your emotional life exerts a powerful influence on your environment. You feel things very strongly, especially as regards what is right and what is wrong. You react powerfully to perceived injustice, and instinctively flare up or get upset when you think something is unfair. Above all, you dislike restrictions on your personal freedom, and you can manifest a strong independence if you feel encroached upon. You may often overreact to quite normal expectations on the part of the partner, as regards commitment and responsibility. Generally however, your optimistic and light-hearted nature brings a lot of joy and happiness to personal relationships, just as long as you are allowed to feel free, travel and pursue your intellectual interests.

### **Moon Opposition Pluto**

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - EMOTIONS: Deep emotional involvement**

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

**PERSONAL - EMOTIONS: Deep emotional involvement**

You are a person who feels everything very deeply,

although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

## Saturn transiting Square Moon

22-10-2010 -> 10-09-2011

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - VALUES:** Emotional self-sufficiency

Issues of economic and job security become very pressing at this time, and you will feel a strong drive to overcome any weaknesses in this area. You can however expect a lot of difficulties, especially if you indulge immature expectations, or rely too much on others. Childish behaviour gets you nowhere now, and if you do not have conscious control over your emotional reactions you can expect to be unpopular.

The atmosphere in your working environment may be rather heavy now - perhaps because of an elder woman who is trying to assert her authority. The more mature you are, the better you can handle trying situations. You have to know when to set limits, whilst still living up to your responsibilities. You can develop the self-discipline and patience to work with people in difficulty, if you choose to.

**PERSONAL - EMOTIONS:** Emotional self-sufficiency

During this challenging emotional period you will become more mature and self-sufficient. But this is not normally a happy time - partly because safety and security is no longer what it was. You have to spend time building more secure foundations for your life, and you cannot expect anyone else to be very supportive during this time. It is up to you to shoulder responsibilities uncomplainingly and with dignity.

Time can drag on now because you have to spend more time attending to everyday details and getting things to function on a practical level. On an inner level you are confronted with the need to change or control unconscious emotions and habits. It is no use allowing your temperament, your jealousy, your distance or your

stubbornness to get in the way of a rewarding relationship. The time demands emotional self-improvement, so stop making excuses and start working on yourself.

## Mentality

### Mercury In Cancer Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

**PROFESSIONAL - MENTALITY:** Trust your intuition

You are a canny person with a head for business. You are not keen on taking risks, and like to hang on to gains when achieved. You are strongly motivated to attain security for the people who are dear to you. You are muted in your opinions, yet the emotional message in what you say can have quite a powerful effect on the mood of other people. On the other hand, if you are emotionally aroused, you may express yourself rather clumsily. You prefer to work in a secure position, and are inclined to serve loyally if treated with respect. You have a very fertile mind and an excellent intuition in business matters. You may not be very logical, but you can rely on your instincts.

**PERSONAL - MENTALITY:** Trust your intuition

You are a deeply impressionable person, and you tend to express your knowledge and opinions only after checking things out with your inner feelings. This emotionality will be discernible in your voice, which will probably be quite charged and variable in tone. You are sensitive and intuitive, and this can express itself in an instinctive talent for grasping the thoughts and feelings of other people. In partnership you are inclined to be rather quiet and very receptive. It is rather difficult for people to really know what is on your mind. When you do communicate, it is with those you really trust, and you do so with feeling. You function better on an intimate level, than on a superficial social level.

### Mercury In 8th House

**PROFESSIONAL - MENTALITY:** Inner journey

You have an analytical and rather secretive mind. This enables you to both keep secrets and unearth them. You have an investigative spirit which will be a great asset in your work. You can deal with issues connected with financial or material security, pensions, taxation etc. You also have a talent for psychology and related subjects - a

talent that comes from your fascination for the inner, hidden factors behind the workings of the mind. There is a tendency to allow your mind to be occupied by far too many worries, and this may give rise to obsessions about financial controls and checks, or anxieties about economic survival. Remember: it's all in the mind, so learn how the mind works.

**PERSONAL - MENTALITY:** Inner journey

Communication is an area in which you have great talents but experience acute problems. There may have been an atmosphere of secrecy in your childhood, or one of your parents may have cultivated long periods of silence, or spoken in a very dominating, intense manner. Whatever the cause these experiences will have given rise to an anxiety in you about being understood, about silence or argument. This anxiety can manifest itself in long discussions with the partner for example, or mutual suspicions in the partnership because of unspoken issues. Sometimes you feel that your partner is hiding something from you. You have a tendency to cross-examine your partner. These habits - which are a direct result of childhood taboos - actually create a breeding ground for secrecy and silence. Later in life you gain psychological insight into these mechanisms and learn to communicate in a relaxed way.

## Mercury Conjunction Mars

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

**PROFESSIONAL - MENTALITY:** Sharpness

You have an extremely acute mind, and can generally come to a decision far faster than the average person. You are quick to take action and enjoy the pleasure of outsmarting your competitors. You enjoy the thrill of mental combat. However you often cut corners, and your methods can be questionable. Your brusque manner can evoke considerable hostility in your place of work, so if you find yourself constantly getting into arguments or finding people irritating, you can be quite sure it has something to do with your behaviour. Perhaps you have a tendency to barge in or interrupt conversations, perhaps you speak in too harsh a manner or do not listen enough to others. It pays to plan more patiently, and think twice before you make your opinion known. You would function well in jobs which require tough negotiations or an aggressive verbal style. You have plenty of energy too, and like to travel and meet people. You are a go-getter.

**PERSONAL - MENTALITY:** Sharpness

You get into too many arguments, and rarely consider the idea that you may be wrong. This truculent manner probably stems from conflicts in childhood with brothers, or perhaps your father. You worked out then that the best means of defence was offence. Yet troubles arise later in life because your frank and direct manner makes people feel that you are offensive. You don't always have to tell people what is on your mind. You hate to be bossed around or told what to do, so make an effort not to act in this way with others. Give them time to express themselves without interrupting, and resolve to stop criticism and arguments. Women with this aspect are often attracted to rather sharp men who may have questionable morals, or be rather argumentative types, although this is a projection mechanism based on inner conflicts. Men tend to retain adolescent qualities and act at times as if they know everything.

For both sexes it is important to slow down, otherwise the nervous system can be adversely affected. When you channel your enormous energy into creative, fun projects, you can achieve a great deal.

## Mercury Trine Uranus

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - MENTALITY:** Inventiveness

You have some mental qualities that border on genius. Being receptive to signals in the environment which go over the head of the average person, you know how to integrate radical new ideas into your work. You have the inventor spirit, and you are always willing to experiment with new methods. By developing your knowledge of the scientific functioning of the mind, you can be a driving force for renewal at work. You may be skilled at technical matters, computers or untraditional, even provocative subjects. It is important for you to learn to put your ideas across in a constructive manner however. You have a tendency to talk at cross purposes, without ensuring the other person is following you. Coupled with this you may also be impatient with people as they fumble with old concepts and ideas. You can be provocative, or go off at a tangent - and this may only serve to alienate you. Clarify your intentions when you communicate. You have a talent for exotic languages.

**PERSONAL - MENTALITY:** Inventiveness

Other things being equal you have a very quick mind, and

you attract attention through your ability to give conversations a surprising turn. You are quickly bored by conventional waffling and you are prepared to say anything, repeat anything, to give conversation more interest. Although at times you can be very amusing, this tendency easily leads to confusion and misunderstandings in relationships. You break the flow of communication - a habit you learned in childhood - and this leads to a rather stressful atmosphere in intimate relationships. You need to involve yourself with friends or groups which have similar interests to you, rather than expecting to get all the mental stimulation you desire from your partner. When you get bored in intimate relationships, you tend to say and do the opposite of what is expected, just to get results. You also tend to make provocative statements. This can be exasperating for the partner.

### **Mercury Conjunction Pluto**

This aspect is of medium strength and its influence will often be felt, though not acutely. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

**PROFESSIONAL - MENTALITY:** From secrecy to openness  
You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

**PERSONAL - MENTALITY:** From secrecy to openness  
You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner.

Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a weapon, and instead learn to be open and trusting.

### **Saturn transiting Square Mercury**

**05-10-2010 -> 22-08-2011**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - MENTALITY:** Mental self-discipline  
You are challenged now to get organised and to administrate your time sensibly. There is a particularly emphasis on improving and consolidating your talents. Long-term plans for training courses or intellectual improvement can be put into effect. Writing or communication blockages must be overcome. You can develop the necessary mental discipline now to attain your goals. Expect communication problems, and expect plans or travel arrangements to be delayed. There needs to be far more attention to detail. Attend to the small print when signing contracts.

Learning to economise with your words and messages is an essential lesson for this period. How can you express yourself most effectively in the shortest possible time? If you develop the self-discipline to organise your daily life so that you can attend to mental challenges, you can expect very satisfactory long-term results. There is a strong emphasis on business matters at this time - but many minor irritations. Take one problem at a time, be patient, and solve challenges with long-term strategies.

**PERSONAL - MENTALITY:** Mental self-discipline  
This is a period in which you have more than the average amount of worries. There are many practical issues to be solved, and there is no other alternative than to get down to each issue and concentrate on one thing at a time. It is important to organise your time more efficiently. Problems particularly arise in the area of communication. This is the time to address these issues and find practical solutions.

If you feel unsure of your intellectual abilities or that you lack the necessary training to do what you want, then you should make a commitment to improve now. You need to spend more time talking and listening to your partner - there are issues which need to be solved. Problems can also arise in connection with sibling relationships or neighbours, and if you are patient and diligent you can find long-term solutions. Discipline your daily life and realise creative dreams.

## Values

### Venus In Gemini

PROFESSIONAL - VALUES: Enjoy meeting people

There is a natural talent for communication, often on a creative or aesthetic level. Professionally this gives a number of valuable abilities, not least a charming persuasiveness. You will thrive in situations in which you are required to meet people. You are good at facilitating contact, and may also have talents connected with personnel. As you have extremely good literary judgement, you may wish to try your hand at writing. You have the ability to make rapid adjustments when meeting others, and there is a talent for really reaching people mentally. You will not thrive in an isolated position. You need social stimulation and a variety of tasks to perform. Your friendships will be a powerful resource in your life.

PERSONAL - VALUES: Enjoy meeting people

In love relationships there can be a lack of stability, as a single partnership will have difficulty satisfying the need for social contact. Therefore there is a certain innocent flirtatiousness. Both men and women with this position seek stimulating mental relationships, culture, intelligence and a special kind of social mobility. Freedom to get out and about is an essential ingredient in a satisfying relationship. Without change, travel and an active social life, there is a risk of feeling stifled by the partner. In women a youthful charm is apparent, and men with this position are particularly attracted to the elfish, carefree type of partner. Good communication is the cornerstone of a satisfying love-life.

### Venus In 7th House

PROFESSIONAL - VALUES: Relating

For other people dealing with you is a pleasurable experience. Being a considerate person you are able to set others at ease, and you listen to them with interest and concern. These diplomatic talents will bring success in a job in which you have daily contact with others, especially if they need your love and support. Because you are able to create a favourable impression and exude a sense of fairness and charm, you could work in business ventures in which you have to sell values or goods, or represent a business in its dealings with the outside world. As you like people and enjoy contact and company, you would have success dealing with personnel. You would function well in business partnerships, partly because you have a lot to give and partly because you attract people who would like to

cooperate with you.

PERSONAL - VALUES: Relating

Love and relationships makes the world go round for you. You are romantically inclined and have high expectations of your partner. Men with this position will be attracted to good-looking women who can envelop them in love. Women seek a man who can fulfil all their partnership dreams. Although you will find good fortune and happiness in partnerships, problems can arise because of immature demands for the perfect relationship, free from conflict. You may want the partner to be so nice and sugary, but people do have their shadow sides. If you refuse to face the darker sides of your partner, or admit to them in yourself, then at some point in your relationship you will have a shock. If love seems to evaporate from the relationship it is no use leaving one partner to seek fulfilment of your ideals in another. The financial security and material values, which are also important for you in a relationship, will at some point be challenged and transmuted into more eternal values.

### Venus Square Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

PERSONAL - VALUES: Fortune

You are an extremely loving and romantic person, and this brings both benefits and problems. Often you fall in love with

love, and have difficulty settling into stable relationships because of your hunger for romance and emotional stimulation. You are however a great lover, and your attention makes your loved one blossom. There is a tendency to be attracted to a person who comes from a different culture or country - perhaps this is because of a need to widen your emotional horizons. There is a tendency to marry upwards in society. The most important value for you in a relationship is intellectual or cultural stimulation. You need to be able to respect your partner for his or her intelligence. A woman with this aspect has a great need for attention and appreciation, and particularly values the mental stimulation the partner can give. A man with this aspect has a great appetite for the opposite sex, and whilst intelligence is important, there is often a taste for exotic or good-looking women. Faithfulness may not be a strong point, though sooner or later there will be a tendency to tighten up moral values regarding love.

### **Venus Square Uranus**

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### **PROFESSIONAL - VALUES: Untraditional relationships**

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

#### **PERSONAL - VALUES: Untraditional relationships**

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in

other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

### **Venus Sextile Neptune**

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### **PROFESSIONAL - VALUES: Acceptance**

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

#### **PERSONAL - VALUES: Acceptance**

You are willing to make sacrifices for love, and as an incurable romantic you are skilled at creating circumstances for personal disappointment, either through poor judgement regarding potential partners, or unrealistic expectations. You are looking for more than a worldly love - you need to feel as if your soul is touched by your partner, you need to feel a spiritual bond. To be happy in this area of your life you must understand and accept so-called imperfections in others. The perfect partner does not exist and you will never find him or her. It is important to choose an equal - not someone you idealise or want to save - and it is important that the chosen one shares ideals and dreams which transcend conventional relationship needs. Unhappiness and dissatisfaction in love is actually the result of unconscious

impressions from your distant past, and these feelings actually have a spiritual purpose now.

## Jupiter transiting Square Venus

21-02-2010 -> 17-03-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

### PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

### PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things,

and experiencing that beauty as a manifestation of truth in some way.

## Drives

### Mars In Cancer

#### PROFESSIONAL - DRIVES: Working with instincts

You work hard to create security and are strongly motivated to create a strong base. Thus home and family are basic issues for you when considering a career. Strong attachments are formed to the people in the working environment, and if treated well you are very loyal indeed. However you are sensitive and can take offence easily. When your feelings are hurt you react very powerfully on an emotional level, and can be very temperamental - or just grumpy. You work best when in a job which demands a lot emotionally - perhaps a job with a caring function. There is considerable talent for dealing with the land, or with houses. You can be very warm and supportive, but otherwise you are a private person, very protective of yourself and those closest to you. There may be certain psychic talents apparent - in particular a well-developed intuition.

#### PERSONAL - DRIVES: Working with instincts

You have powerful feelings and convictions, and you can be very dynamic when you are moved emotionally. This can be both good or bad, as your temperament can dominate those closest to you. A man with this position of Mars will be extremely protective of the family and rather possessive. He expects a traditional kind of relationship, yet he also may well be prepared to do the cooking and look after the family. There is a strong sexual drive which only truly functions well when there is harmony in the relationship. Women with this position will be attracted to the emotional kind of man who is strongly motivated to take care of her and the children. Both sexes tend to suffer from emotional outbursts which stem from a deep emotional need for security.

### Mars In 8th House

#### PROFESSIONAL - DRIVE: Power dealings

You are a person who knows power. You are often at the receiving end of demonstrations of might, but you are fearless in your response - at least outwardly. This suits you for a job in which you are exposed to danger, or have to deal with the aggressions of others. You have no difficulty identifying an enemy when you see one, and you are ruthless when dealing with him. There is also something of a detective in you, as you like to operate undercover. You may choose to use your talents on an outer level, through a

career which demands determination, perseverance and secrecy, or on an inner level in which you deal with psychological problems. You are particularly good at handling trauma and shock - partly because you are no stranger to these things in your personal life. You may have a talent for hypnotism or healing.

**PERSONAL - DRIVE: Power dealings**

Emotional and erotic relationships make great demands on your energy. Childhood trauma invested you with an amazing power to survive in difficult situations. But this same survival talent sabotages harmony later in life. You are sensitive to, and fearful of, being controlled by another person. As a result you are emotionally defensive and assertive at the same time, and actually end up being in control yourself. The exaggerated need to master developments in partnership can mean that you do not allow the partner room to manoeuvre. There may be jealousy and exhausting emotional power battles. Sexually you have difficulty surrendering. Sex and power become confused. Only by trusting the other and giving up control can you achieve true sexual satisfaction and release. During the course of your life you develop great psychological insight which enables you to overcome and transform the pain of being crucified by your desires.

### **Mars Sextile Jupiter**

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - DRIVES: Ebullience**

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful

under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

**PERSONAL - DRIVES: Ebullience**

You may well be an exciting person to be with because of your sharp intellect, optimistic nature and sense of fun. If you are a man, you will enjoy the company of your own sex, and be engaged in many activities, perhaps connected with sport or travel. You can excel in mental sparring contests and the thrill of debate. However there may be a tendency to pontificate, or generally make your opinions known in a rather dominating manner. Knowledge and understanding are strong motivating factors for you, so you like to sharpen your mind with discussion and involve yourself in cultural interests.

Women with this aspect are attracted to intelligent men, and often have attachments to foreigners. The most important motivation factor when choosing a man is his ability to expand her mental horizons - either through religious, political, philosophical or cultural interests. An intellectual watershed arises in the relationship, where the man is no longer able to satisfy the intellectual hunger of the woman. How this issue is dealt with is critical for the success of the relationship. The most important thing for both sexes is to take personal responsibility for ensuring constant intellectual or philosophical expansion and personal growth. Relationships would improve dramatically, if you were able to admit that sometimes you are wrong.

### **Mars Sextile Saturn**

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - DRIVE: Discipline**

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being

particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

#### **PERSONAL - DRIVE: Discipline**

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

#### **Mars Square N.Node**

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### **PROFESSIONAL - DESTINY: Survival of the fittest**

You will often find yourself in the midst of the fray in your professional life, with many struggles as regards asserting yourself in groups. Conflict will touch your life in a central way, and no matter what you do you cannot escape the leadership role which puts you in the forefront. You may find yourself involved in a dynamic co-operative venture involving men and a strong element of competition, though achieving harmony or a unified goal may be an elusive quest.

#### **PERSONAL - DESTINY: Survival of the fittest**

You can portray the essence of masculinity or dynamism in your nature, probably as a result of hard-won battles at key points in your life. This may mean that you are pushy or aggressive in your social relationships, with little regard for opposition, though you may try to choose a life in which you shun confrontation. Coming to terms with the power of sexuality - its pleasures and obsessive quality - is a major life challenge. Dealing with conflict is also a lifelong dilemma for you, as you are denied the opportunity of indulging your weaknesses, and are forced to seek a position of strength in your dealings with others.

### **Jupiter In 9th House**

Please read page 1 : Jupiter In 9th House

### **Jupiter Conjunction Saturn**

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

#### **PROFESSIONAL - WISDOM: Cultural values**

You have the capacity to attain a meaningful and powerful position in society. Having the ability to sense the right time, and be in the right place, you know how to take advantage of professional trends to create expansive conditions for professional growth. If all goes well you can consolidate your position after a period of expansion, and from this new foundation go on to create further growth. The main issue as regard success is the ability to have faith in the future and act on it. Periodically you may be overwhelmed by pessimism and lack of confidence. At these times the future can seem dark indeed. At other times you can be overoptimistic as regards future possibilities, and fail through lack of judgement or preparation. Courses which train your ability to plan, combined with training positive thinking, will greatly benefit you. You can work in central positions in organisations because you inspire the feeling of stability and trust. You may have a talent for planning, consultancy and organisation - and you have the capacity to create structures in society which bring lasting benefit.

**PERSONAL - WISDOM: Cultural values**

When this influence manifests positively you can create an environment around you full of confidence and certainty about the future. In difficult circumstances however, you can feel great despair as regards what the future will bring for you. This is especially strong in respect to your need to fulfil the expectations of society and those closest to you. Your moods tend to swing from optimism to pessimism. You are especially concerned as to whether you have the necessary training or experience to realise your ambitions. Obviously you will benefit from training courses to increase your skills, but you still have to struggle with nagging doubts regarding your competence and intelligence. It is precisely this insecurity which leads to great personal development as you constantly strive to gain insight and understanding. You can have rather dominating opinions, and it is worth asking yourself whether they truly are your own opinions. You often allow your views to be swayed by parental convictions or current opinion. However you tend to mature like a good wine in this area, and your own ideas may end up having a major influence on your environment.

### **Jupiter Opposition Uranus**

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - WISDOM: Exhilaration**

This aspect can last for a number of months and have a strong collective influence. If you harness this influence in your career you will have a strong idealism both socially and as far as introducing new methods are concerned. Your provocative views will be a challenge to the establishment. You are an internationalist, and wish to concern yourself with issues that cut across national borders. This can bring travel to exotic lands and contact with exotic cultures. You can channel enormous enthusiasm about the future into your career - for you the path of liberation lies in innovation and experimentation. You would thrive in an international organisation, and as you also have strong humanitarian tendencies you may choose to work in a field which has to do with social reform or perhaps consciousness-raising.

**PERSONAL - WISDOM: Exhilaration**

You have a driving need to expand your philosophical boundaries and this can lead to unusual personal interests and provocative opinions as regards both personal and

social development. You can have some form of connection to the New Age movement, and are very interested in reforms. You will almost certainly embark on dramatic long-distance travels and experience enlightenment through new contacts established thereby. In relationships you are inspired by partners and groups who can share your untraditional interests. An international group can have a radical effect on your life. You pride yourself on your open-mindedness and tolerance - yet you are intolerant of intolerance. You tend to upset groups with your radical opinions, but perhaps you could achieve your goals more effectively by understanding the traditions that lie behind established opinions.

### **Jupiter transiting Opposition Jupiter**

**15-03-2010 -> 08-04-2010**

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - WISDOM: Development of insight**

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

**PERSONAL - WISDOM: Development of insight**

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be

within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

## **Saturn transiting Conjunction Jupiter**

**01-03-2009 -> 29-07-2009**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - WISDOM: Opportunity knocks**

This can be a good time in your professional life, if you are prepared to harness your vision of the future to build something lasting. Doors can open for you now, if you have done the necessary groundwork. You can at least reap the benefit of all the efforts you have made to improve your training and experience. People in authority are liable give you recognition, and this can lead to a change of status or well-earned promotion.

If you overestimate your abilities, and hope for success without making effort, then there will be few benefits from this period. You should be prepared to work harder, to wield more influence, and perhaps to travel in connection with your working responsibilities. This is a good time for dealing with authorities and formalising long-term future commitments.

**PERSONAL - WISDOM: Opportunity knocks**

You can expect some consolidation in your life which will give you greater security now. If you are the lucky type, you will benefit from real estate dealings or home purchase. Your status will be formally confirmed in one way or another. You can move up a few steps in life, if you are prepared to make the necessary efforts and have a positive expectation of the future.

You are challenged to overcome negative thinking now, and to work on your personal capacity to believe in yourself and have faith in the future. It can help for you to redefine your spiritual values and make a concrete effort to build up a more solid spiritual base. This is the time to make your opinions clear and to take a firm standpoint.

## **Jupiter transiting Conjunction 3rd House**

**14-02-2009 -> 12-03-2009**

**PROFESSIONAL - WISDOM: Spread your opinions**

You are probably a widely-travelled person - at least you have wide interests and constantly seek to expand your mental horizons. You have a natural wisdom and the talent to discern the main issues and true meaning behind

everyday events. You have natural abilities as an advisor or teacher, particularly at higher levels of education. You could be a skilled negotiator, perhaps on an international level. Your unquenchable thirst for knowledge and understanding inclines you towards a profession in which you are asked to draw conclusions after studying a wide variety of material. You may be involved in the further education system.

**PERSONAL - WISDOM: Spread your opinions**

You experienced considerable mental stimulation as a child, and a family member or teacher will have played an important role - perhaps as a mentor - encouraging you to learn and ask questions about life. Mental Ping-Pong at an early age will have evoked extremely strong mental convictions in you, making you a very persuasive person. You are probably knowledgeable and interesting to listen to, but you may be opinionated and dominating in an innocent kind of way. To be truly wise, one must also be receptive to other people's ideas. In relationships you respect intelligence and demand mental equality. You have little time for superficiality and are always seeking profundity. You find meaning in the small things in life.

## **Jupiter transiting Conjunction 4th House**

**26-03-2010 -> 20-04-2010**

**PROFESSIONAL - WISDOM: Moral foundations**

One of your greatest assets on a professional level is your good judgement and lucky disposition as regards property. You can expand holdings and generally earn money through dealing with property. You can generally count on the loyal support of your family, for whom you have a strong moral commitment. Business commitments may draw you to foreign countries. Cultural and environmental issues can absorb you on both a national and international level. You will enjoy your retirement, and will probably have a comfortable economy at this time.

**PERSONAL - WISDOM: Moral foundations**

Generally speaking you have had a fortunate upbringing, perhaps growing up in an international environment, or in a large family or a large house. A stimulating intellectual or philosophical atmosphere at home will have provided you with a solid emotional ballast later on in life. Your father, who probably had strong convictions, may have played a strong role in shaping your opinions. You may have found family members rather dominating on an intellectual or moral level, but this has a good effect on you in the long term. You too will have powerful moral convictions in family matters. You like to live in a large house and may at some

time reside abroad.

## Challenges

### Saturn In Virgo

**PROFESSIONAL - SELF-RELIANCE:** Systems organisation Saturn was in this sign in the periods 1948-50 and 1978-80. This was a period of reconstruction, focus on labour relations and public health, and emphasis on the concept of service. Should you manifest this influence in your career you will be very hard-working and conscientious, and make enormous efforts to get your professional life on an even keel. You probably feel that organisation is not your strong side, yet as you get older you learn to systematise your time and effort until you become a skilled organiser with a fine sense of detail - though this can sometimes border on the pedantic. Your greatest professional challenges are concerned with integration with the work force and getting things to function on a practical level with colleagues.

**PERSONAL - SELF-RELIANCE:** Systems organisation You were born in a period where there was great focus on principles of efficiency, hygiene and being of service to others. Many of the challenges in your life are concerned with how to make yourself useful to society, without becoming a slave of the system. On one level there is a need to be accepted and integrated in your environment, but on the other hand it can be difficult for you to find your place. It is a question of being able to set limits for when to offer your help, and when to refuse it. If you are too service-minded you will feel misused, if not enough, you will feel isolated. It is difficult for you to feel that the efforts you make are good enough, and you will often spend a lot of time trying to improve things and make them more efficient. In other words you can develop considerable perfectionism, and whilst this will often bring good results, it also creates inertia and prevents progress.

### Saturn In 10th House

**PROFESSIONAL - SELF-RELIANCE:** Assume authority Achieving professional success and a respectable status will be a lifelong goal for which you will strive in your life. You would achieve success quicker by working a bit smarter instead of working a bit harder. On your way up the ladder of achievement you will meet many obstacles - particularly from older people in positions of power. Instead of being frustrated, see these obstacles as important tests which subtly strengthen you so that you will be able to meet future challenges. It is unlikely that you will experience success in

the first 30 years of your life, but the decisions you make around the age of 30 will change your professional destiny. Important career restructuring will take place around the age of 44 and 52. At the age of 59 it is wise to replace professional goals with existential considerations. You may never notice the success you have already achieved, because you constantly set higher goals for yourself. As a long-term planner, you must be able to see how this kind of motivation eventually will lead to frustration.

**PERSONAL - SELF-RELIANCE:** Assume authority. You make high demands on yourself, and this is probably due to early parental expectations which are not easy to live up to. If you strive to fulfil other people's expectations, you may never be satisfied, and you may forget to relax and enjoy the results for which you have worked so hard. Relationships suffer from too much emphasis on ambitions. Success can also be measured by your ability to cater for and respect the needs of a partner. However, you have a certain destiny to fulfil, and your personal drive and sense of responsibility means that you can have considerable impact on the society you live in. People will automatically respect you and invest you with authority.

### Jupiter transiting Opposition Saturn

04-04-2010 -> 01-12-2010

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - SELF-RELIANCE:** Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

**PERSONAL - SELF-RELIANCE:** Expanding the framework At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to

adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

### **Saturn transiting Conjunction Saturn**

**01-01-2009 -> 07-09-2009**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - SELF-RELIANCE:** Adjusting direction

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

**PERSONAL - SELF-RELIANCE:** Adjusting direction

All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to define what it is you truly want to spend time on. Remember your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life.

It is important to weigh the balance between career and family commitments now. Do not be influenced by what

other people expect of you - only you can know what it is that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong decision now can mean years wasted on unfulfilling work.

### **Uranus transiting Opposition Saturn**

**01-01-2009 -> 21-01-2010**

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - SELF-RELIANCE:** Renewal of plans

This may well be a period of increased social activity and intellectual curiosity. You should ask yourself questions now concerning the viability of long-term plans and well-established traditions in your career. Should things continue as they have been, or would it be wise to experiment and integrate new techniques? Unpredictable events can arise which force you to make changes. It would be to your advantage to consider the humanitarian aspects of your work, and do something which has positive social consequences. International contacts and modern technology can also benefit you. On a deeper level you may want to take a closer look at professional commitments and change your values, so that you can have more freedom and independence. Freedom, experimentation and flexibility are key words now, as you cannot thrive under the command of others, or with a rigid work schedule.

**PERSONAL - SELF-RELIANCE:** Renewal of plans

If your life is dominated by rigid patterns and tight schedules, you will be wanting to liberate yourself from their tyranny now. Many of the structures that you have built up in your life serve only to constrict you and prevent further development and growth. Now is the time to open doors and take a few risks with your life. Cut back on commitments, put your Time Manager away and brush away the cobwebs of your mind. It is no use being restricted by the same old arguments about responsibility to others - parents and partner must accept that there is also a personal responsibility to develop greater consciousness. Unpredictable things can happen now, structures break down, carefully laid plans are abandoned - you need a dash of excitement.

## **Originality**

### **Uranus In Pisces Retrograde**

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

### Uranus In 3rd House

**PROFESSIONAL - ORIGINALITY:** Break new mental ground

You have an number of unusual mental talents and interests. Being the type who learns things best by experimentation you don't do so well in a conventional learning environment. You have a low threshold for boredom, and your attention wanders. Yet you are inspired by new horizons and unconventional ideas, and as such you are suited to a career which requires a willingness to be inventive and explore - or perhaps a job connected with electronics, computers, the telephone or the media. Long-distance travel and mental contact with people from other cultures will probably appeal to you. There may a talent for exotic languages.

**PERSONAL - ORIGINALITY:** Break new mental ground

Unusual childhood circumstances were present connected with sibling relationships and your early education. There may have been a sudden interruption of your schooling, and perhaps a separation from a brother or sister. Events in this connection have a radical effect on your mental attitude. In communication you have many original and perhaps weird and provocative ideas. If you pay close attention to the way you communicate, you may find that you have a tendency to interrupt, or to go off at an angle when talking. There may be deep reasons for this connected with the desire to be listened to.

### Uranus Trine Pluto

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - ORIGINALITY:** Total revolution

This influence last over a period of years and affects whole generations. It is connected with social and technological renewal which transforms world consciousness. If this influence is made personal in your life by aspects to personal planets in your horoscope, you will meet it in the outer world in the form of revolutionary groups or outsiders, or through dealing with the technology of radical change. You may also have a talent for creating revolutionary

change in large organisations. There can be a particular talent for working with computers or in organisation where automation is an issue. Or you may play a social role dealing with the personal upheavals that the electrification of society causes. Sudden and extreme employment change may arise as you get swept up in vast collective trends.

**PERSONAL - ORIGINALITY:** Total revolution

On a personal level you may experience periodic traumatic upheaval and this can lead to a transformation of personal consciousness. In the face of this energy the human mind is often gripped by powerful obsessions - this was for example witnessed on a collective level in Germany when Hitler came to power in 1933. (Uranus square Pluto). You will almost certainly encounter someone in your circle during your life, whose obsessions wield a fascination over you, or evoke horror. If this influence manifests on an intimate level you have to be aware of a tendency to evoke anxiety in your partner through an extreme unpredictability or self-destructiveness. By avoiding extremism and concentrating on personal growth you can mitigate tensions that may arise.

### Jupiter transiting Conjunction Uranus

14-02-2010 -> 10-03-2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - ORIGINALITY:** The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

**PERSONAL - ORIGINALITY:** The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new

sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

## Transcendence

### Neptune In Leo

### Neptune In 9th House

**PROFESSIONAL - TRANSCENDENCE:** Dreaming the truth  
You have an unusual perception of what constitutes truth, and how people's beliefs are influenced. This may give you some talent for swaying the minds of others - particularly on a collective level. Thus advertising, music, the media etc. can all be areas of professional interest to you. You know how fickle public opinion is, and this knowledge gives you the ability to identify or use propaganda. You have a very flexible attitude to moral principles - remember you may understand what you mean or why something is right or wrong, but it is society which decides. Legal troubles will arise if you insist on using your definition of justice!

**PERSONAL - TRANSCENDENCE:** Dreaming the truth  
You spend a lot of time in an elusive search for truth. Early experiences will have taught you about the relativity of personal convictions or opinions and now you simply do not trust them. Each time you try to define your beliefs or adhere to a set of principles, something happens to disappoint you. Experience divests you of all your illusions. Take great care that these experiences do not give rise to a cynical attitude - it is important in your personal dealings with others to have a set of principles that work in society, and to stick to them. During the course of your life you embark on a spiritual journey, and your signposts are dreams, ephemeral intuitions and the occasional spark of divine intervention. Your destination is also your starting point - if you could define the truth, then it would not be the truth. You have the capacity to understand the nature of the mind as void.

### Jupiter transiting Opposition Neptune

17-02-2009 -> 15-03-2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - TRANSCENDENCE:** Balloons and

bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

**PERSONAL - TRANSCENDENCE:** Balloons and bubbles  
If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

## Transformation

### Pluto In Cancer

### Pluto In 8th House

**PROFESSIONAL - TRANSFORMATION:** Releasing control  
During the course of your professional life you will either wield great power on an economic level, or be at the mercy of those who do. If you have power, you tend to be secretive - even a little dictatorial. You may adhere to the doctrine of the survival of the fittest. You may be fanatically attached to economic principles, at times there may be great gains, at times great losses. You are good at disposing of resources, when this is necessary, and realising assets after economic collapse. You may be a power broker; perhaps you will even define yourself professionally by some crusade against power misuse. At some point in your life your economic foundations will collapse - but then, you are a great survivor. Perhaps this transformation will bring a greater interest in emotional issues and psychological mechanisms.

**PERSONAL - TRANSFORMATION:** Releasing control  
You have the capacity to experience a great personal transformation during the course of your life when you

harness the energy which is stored within you. Deep traumas or fears early in your life tend to absorb your energy and resources. You may fear being at the mercy of others, and may even generalise and project this fear on people or organisations in a position of power. It would certainly be foolish to tilt at the windmills of power in society. Greater satisfaction comes through an inner psychological transformation process. Intimate relationships tend to be marred by power battles and control. Sexuality in particular is characterised by your inability to let go and trust your partner by being vulnerable and powerless. You have to go to extremes to achieve satisfaction here. An unconscious fear of ego-death may inhibit release through sexuality, until you learn to transform primitive erotic drives into a demonstration of emotional giving.

### Saturn transiting Square Pluto

16-09-2010 -> 25-07-2011

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - TRANSFORMATION:** Bonds on power  
This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

**PERSONAL - TRANSFORMATION:** Bonds on power  
Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through

shamanism.

## Destiny

### N.Node In Libra, S.Node In Aries

**PROFESSIONAL - DESTINY:** Two to tango

The early part of your professional life is characterised by a strong need to excel and make some impact in a unique way. There is an emphasis on your personal independence, and you have the tendency to go it alone in your career. There is a desire to be number one in what you do, and in the early stage of your career you make dynamic efforts to achieve a special individual status. However, you are likely to discover that career satisfaction eludes you, when you attain personal success, and that success itself is difficult to attain alone. It is your destiny to subordinate your ego needs to a growing awareness of the importance of professional relationships. Personal advancement alone cannot satisfy you in the long run. You achieve far greater satisfaction when you involve yourself in co-operative ventures and share successes with other people who are on your wavelength.

**PERSONAL - DESTINY:** Two to tango

A major dilemma in your life is in finding a balance between listening to and acting upon your own personal needs as opposed to taking into consideration and compromising with the needs of others. You are inclined when young to exclusively follow your own inner voice, reasoning that you must take care of yourself first. You insist on your independence, and see compromise as weakness. However this independence can bring loneliness or emptiness, and a deep longing arises to share your life's experiences. A transition comes in which the emphasis shifts towards awareness of the needs of others, and in partnership matters you will desire to make a stronger commitment. By embracing the challenge represented by dealing with another on an intimate level, and by exchanging hollow independence for an enriching partnership, you attain a new harmony in your life.

### N.Node In 11th House, S.Node In 5th House

**PROFESSIONAL - DESTINY:** Group visions

Early on in your professional life you may be motivated by a drive for fame and recognition. You certainly have creative talents, but you will not find true fulfilment in your drive for personal recognition, even though you may achieve it. Your destiny lies in dealing with groups or in connection with your social visions. When you put individual needs behind you,

and discover the satisfaction of working with others to achieve joint goals, you will feel that you have found your path in life.

**PERSONAL - DESTINY: Group visions**

You have a strong need to be respected as an individual, yet you will discover that this need is exaggerated and cannot be fulfilled. Should you for example choose to find self-confirmation through love-affairs, you will end up in a very complex situation, and your self-respect will take a dive. Romance is often an abyss which undermines your ego even further. Children can result from romantic ventures and be a burden on your progress in life. Having children will not satisfy your need for personal significance. It is essential for you to realise as soon as possible that personal happiness comes when you devote yourself to enhancing your consciousness through social involvement. Group interests bring great satisfaction, and other people will benefit greatly from your creative efforts in social fields.

This house is connected with your social life. It has to do with friendships at school and in later life, as well as groups and associations, or the social sphere you are a part of.

### The Twelfth House - Isolation

This shows isolated places in society like prisons and hospitals, or simply living away from it all. Planets placed here show where inner development takes place when feeling alone.

## THE ASTROLOGICAL ASPECTS

### The Conjunction

(0 degrees... orb allowed: 12 degrees)

Key word: Fusion

This aspect is in effect when two planets are close to each other, normally in the same sign. It represents the fusion of planetary principles.

### The Opposition

(180 degrees... orb: 10 degrees)

Key word: Separation

This aspect - when two planets are in opposite signs - shows a split or division between the needs shown by two planets. There is also an attraction between opposites.

### The Square

(90 degrees... orb 6 degrees)

Key word: Tension

This aspect occurs when planets are at right angles to each other in the chart. It shows two needs at war with each other. This brings considerable dynamism, but a lot of trouble.

### The Trine

(120 degrees ... orb 8 degrees)

Key word: Harmony

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

### The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
